EINGA

This is a detailed architectural floor plan of a building, likely a school or institutional structure, showing various rooms, corridors, and stairwells. The plan includes numerous dimensions in feet and inches, indicating the scale and layout of the space.

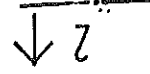

Key Features and Dimensions:

- Top Section:** A long corridor or hallway with a width of 5.03. Below it, a room with a width of 2.35 and a length of 1.66. Further down, a room with a width of 2.35 and a length of 1.66.
- Central Section:** A large room with a width of 4.85 and a length of 3.45. To its right, a room with a width of 2.35 and a length of 1.66. Below the large room, a room with a width of 3.45 and a length of 1.66.
- Bottom Section:** A large room with a width of 5.45 and a length of 4.24. To its right, a room with a width of 2.35 and a length of 1.66. Below the large room, a room with a width of 3.45 and a length of 1.66.
- Stairwells:** Two circular stairwells are located in the central part of the plan, one on the left and one on the right. They are connected by a corridor with a width of 1.66.
- Other Rooms:** Several smaller rooms and corridors are scattered throughout the plan, with dimensions ranging from 1.66 to 5.45. Some rooms have specific labels like "STAIR" or "CORRIDOR".

The plan is drawn with solid lines for walls and dashed lines for dimensions. The overall layout is rectangular, with a central corridor running horizontally through the middle. The dimensions are given in feet and inches, with some values like 5.03, 4.85, and 5.45 likely representing feet and tenths of a foot.
